14,969,346	I just want to affirm that the leaders of the North Carolina Chapter that meets in Raleigh are terrific, dedicated professionals. I really enjoy the chance to meet with colleagues over a good lunch and to take 40 minutes to listen to an interesting presentation. 13,114,937	National ASSE dues have been increasing over my 30 year career and I feel it was to the detriment of the organization as a whole. There have been some problems at the regional level and some of the requirements set forth by National have been excessive. Also, I have worked my safety career without the need to address diversity. Now there are contact groups such as Latino, black, women and international. I worked with each of these groups and treated them as fellow safety professionals. The saying "There will never be peace until there are no more war heros " may also be phrased as "There will never be equality until there are no more minorities". ASSE has now gone PC and racist, perhaps to add money to it's coffers.	Tuesday, Jul 12th 4:08PM
